

REM2026

INTERNATIONAL SYMPOSIUM ON RADIATION EXPOSURE MONITORING IN MEDICAL IMAGING

Enhanced patient care through effective data management

11-13 June 2026 | Sofia, Bulgaria

REM2026

INTERNATIONAL SYMPOSIUM
ON RADIATION EXPOSURE MONITORING IN MEDICAL IMAGING

TOPICS

- Patient exposure metrics
- Exposure monitoring workflow
- IT solutions for exposure monitoring
- AI-driven developments
- Organisational structure and implementation
- Quality control for data integrity
- Personal data protection and ethical aspects
- Integration with other healthcare systems
- Diagnostic reference levels
- National dose registries
- Exposure monitoring for optimisation
- Tracking of individual exposures
- Monitoring for error prevention
- Assessment of population doses
- Dose data for research and epidemiology
- Training and communication

IMPORTANT DATES

Abstract submission opening: **1st September 2025**

Abstract submission deadline: **30th January 2026**

Registration opening: **1st October 2025**
