

30th of March 2026
Document: 2026/15

Dear National Member Organisation President,

One of the underlying principles of EFOMP's Internal Regulations is to strengthen Medical Physics in Europe by fostering and coordinating the activities of NMO's. EFOMP recognizes that individual members of NMO's contribute to this aim by their outstanding work in various areas. For this reason two awards have been created: the EFOMP Medal and Honorary Membership.

This year, each NMO is invited to nominate a single candidate whose merits, within his/her country, meet the aim of the Honorary Membership, namely:

'Recognizing an individual who through his/her career has contributed to advancements in research, education and training or organizational affairs and professional activities in medical physics in Europe'.

The final nomination will be submitted to the EFOMP Council for approval. Nominations for this honour must include a short CV, comprising a description of the career of the nominee as a medical physicist, and two supporting reports from leading medical physicists, at least one of which must be from a member of another NMO.

Nominations and relevant documents should be sent to the Secretary General by email to: secretary@efomp.org. The deadline for submission of nominations is the 30th of May 2026.

The recommendation of the Governing Committee will be put to Council for approval by eBallot. A presentation to the candidate will be made during the European Congress of Medical Physics to be held in Valencia, Spain in September 2026.

Detailed information at [EFOMP manual](#). Previously awarded Medical Physicists can be found [here](#). If you require further information, please do not hesitate to contact the Secretary General.

Yours sincerely,

Efi Koutsouveli
President

Brenda Byrne
Secretary General
