

## EFOMP School editions in 2027-2028

Dear National Member Organisations Presidents,

In 2025, we had three successful European Schools for Medical Physics Experts in Prague and Zagreb and one day meeting in Trieste during the 12th Alpe Adria Medical Physics Meeting (AAPM)

- Radionuclide Internal Dosimetry
- Advanced Radiotherapy Technology
- Proton Therapy Physics
- Interventional Radiological Practices

In 2026, we have three more editions planned which will take place in Porto, Tallinn and Cluj.

- Radiation Biology (completed)
- Advancing Breast Imaging with AI
- Stereotactic Body Radiotherapy

As well as four Pre Congress schools in Valencia at ECMP 2026

- Physics, Technology and Biology in clinical proton and ion beam therapy
- Auto Planning methods for Radiotherapy
- Diagnostic and Therapeutic Ultrasound: Physics, Techniques and Clinical Applications
- Radionuclide Patient Discharge following Molecular Radiotherapy

Our two-and-a-half day schools are now conducted in a hybrid format, with online and onsite participants. We are seeking new venues around Europe following the Four Corners of EFOMP approach and to further involve more NMOs in the organisation of the Schools.

Therefore, we are asking you to provide an expression of interest to host a School in your country. When submitting an expression of interest, please consider the following important requirements:

- Availability of enthusiastic local organisers and interest from the NMO
- Easily accessible from many countries in Europe with low cost train, flights etc
- Reasonable hotel accommodation (3\* or 3\*+) near to the venue

- o Venue with good audio visual facilities. Ideally would hold 100-150 persons.
- o Catering / tea coffee, social event/ dinner for all participants, lecturer's dinner
- o Hybrid broadcasting and recording facilities and technical staff to allow for attendees and lectures
- o Availability of the proposed venue to accommodate the usual schedule of editions. In 2027, we will schedule up to four editions in Winter, Spring, Summer and Autumn.
- o A draft indicative budget for a school

	<i>Tentative budget</i>
Venue cost	Cost for two and a half days
Videorecordings cost	Cost for two and a half days
Accommodation for lecturers (approx. 8 persons)	Approx. cost/person/night
Social event for participants & lecturers (1)	Approx. cost/person
Dinner for lecturers (1)	Approx. cost/person
Travel expenses for lecturers	Approx. cost/person
Lunches (x2)	Approx. cost/person
Coffees (x5)	Approx. cost/person

Although the content of the Schools are decided by the ESMPE board and EFOMP governing committee, please also feel free to suggest topics for consideration.

If you have any queries, please do not hesitate to contact us at: [secretary@efomp.org](mailto:secretary@efomp.org)

Yours sincerely,

Efi Koutsouveli  
President

Joao Seco
